HEALTH OF TOWN WAS GOOD IN MAY

Norwich Death Rate of 12.6 for the Month Was Among the Lowest in the State—Few Scattering Cases of Infectious Diseases—State Board of Health Warns Against Typhoid

According to the monthly report of Dr. J. H. Townsend, secretary of the state board of health, Norwich was one of the healthlest towns in the state for the month of May, for its total of 31 deaths gave a death rate of 12.6 in concrast to which the total of the large towns in the state was 15.6 for the mail towns 13.1, and for the whole state 15.2. Groton had 8 deaths with a rate of

Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds of

A Physician's Advice

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a sofentific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tiscust and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by the Lee & Osgood Co. and other good druggists everywhere and every package contains a guarantee of weight increase or money back.

Cautien:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stom-sach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or

KEEP OFF TYPHOID.

State Board of Health Warns Summer Vacationists.

The exercise of reasonable care as a means of keeping off typhoid fever is again urged in the monthly bulletin of the state board of health, in view of the approaching vacation season, and summer vacationists are especially warned to take all sanitary precautions

addition, says the bulletin, the elemen-tary rules of cleanliness both as to person and house should be observed. "Persons going into unfamiliar locali-ties," it continues, "where they may be subjected to the danger of typhoid insubjected to the danger of typhoid in-fection, should protect themselves by anti-typhoid vaccination. This in healthy persons is a harmless proced-ure and confers almost absolute im-munity against infection.

"The duration of the immunity is as yet undetermined, but it is surely

two and one-half years, and probably Reference is also made to the preva-

lence of scarlet fever at Torrington. Says the bulletin: "The seasonable preavlence of scarlet fever resembles that of diphtheria, the greatest number of cases occurring in the fall or early winter. Occasionally

an outbreak comes out of season, as the present one in Torrington.

"There is no one of the infectious diseases which differs in the intensity of its outbreaks as does scarlet fever. The cases at present are as a rule mild. This renders its control more difficult, as the ambulatory cases with only slight symptoms are difficult to detect and may convey the disease as well as the more serious ones. "The essential features of prevention

consist in isolation and disinfection. Health officers and physicians can do little in the control without the cooperation of public, and all should obey the golden rule by submitting to a proper diagnosis of even the mildest cases and by a strict observance of all sanitary regulations."

AUTO RIDES ABOUT CITY. Connecticut Development Committee Will be Here Today.

The members of the Eastern Connecticut Development committee will he in twon today (Thursday) as guests of the Norwich Business Men. It is the custom of the various cities in which the committee meets to entertain the visitors and the Norwich Business Men, not to be outdone, have arranged to take the visiting Business men around the Rose of New England on a sight-seeing trip. President H. R. Branche of the Norwich Business Men's Association said on Wednesday that obut ten auto owners have pledged the use of their machines for the ed the use of their machines for the afternoon. President Branche has re-ceived invitation to visit the Tuberculosis sanatorium, at Thamesville, the Norwich State hospital at Brewster's

The exercise of reasonable care as a means of keeping off typhoid fever is again urged in the monthly builetin of the state board of health, in view of the approaching vacation season, and summer vacationists are especially warned to take all sanitary precautions against contracting disease.

Various methods by which the disease may be spread are discussed and the necessity of a like supply coming the necessi

from a clean source is emphasized. CHILDREN'S DAY EXERCISES IN SCOTLAND CHURCH. Special Service Well Conducted Before

Large Congregation. Scotland church was favored with a pretty sight Sunday morning when parents and children flocked to church to witness the exercises of the Chil-

dren's Day service.

The abundant and beautiful display of flowers used in decoration was the cause of much comment and admira-tion. But when the troops of children came marching in, of which Scotland may well be proud, the gaze of admir-ation was transferred from the flowthe children, as being more beautiful and more worthy of admira-

The program was under the direction of Sunday School Superintendent Deacon David P. Walden, and was very interesting and instructive. The children sustaining their parts with admirable vigor and precision. One little girl gave the pastor a hint about preaching which was much appreciatpreaching which was much appreciated by the pastor and people.

The remarks of the pastor about the lad who gave up his five bariey loaves and two fishes for the Master to feed the multitude, to illustrate the worth of childhood's service. In the church

the multitude, to illustrate the worth of childhood's service in the church, was attentively received and the size of the audience bore testimony to their worth in filling a church with listeners and as teachers of divine truth. The beautiful anthem "To Scenes of Joy" was well rendered by the choir, which, with Mrs. F. B. Willoughby at the organ, and Eugene Kimball as choir director, added much to the spirit of the occasion.

The following is the program as rendered:

song and recitation, by primary class; recitation, The Horse's Prayer, by Lura Wheeler; exercise. "The Red. White and Blue" by class of boys; rec-itation, by Anna Bucko; recitation, "If I Was You" by Margaret Grady; "Lessons from Flowers" by class of young ladies; song, "Send the Glad Tidings," by Sarah and Nettis Mosely; remarks by the pastor, Rev. Martin Lovering; morning offering; hymn, Caronetion, Readlettee. Coronation: Benediction.

FLEMING SMITH'S WILL IS NOW SUSTAINED.

Appeals Taken from Jury and Tried Before the Court.

Two cases on the superior court docket for jury trial were taken from the jury by stipulation and heard to the court on Wednesday. Judge M. A. Shumway rendered decision in each case sustaining the will.

They were the two appeals from probate of the will of the late Fleming Smith of New London. The appellants were cousins of the deceased. Ida S. Clatworthy, Isabel S. Hough and Alice Smith of New York were the appellants in one case and Herrigon B. Smith of New York were the appellants in one case and Harrison B. Smith of Bayside, N. Y., in the other. Both were brought against Helen Mc-Gaw Smith, widow of Fleming Smith, and John McGaw Woodbury, who are executrix and executor of the will. The appeals were taken on the grounds of undue influence and mental incompetence to make a will.
